PTP and Studio Program Parents,

It is my pleasure to offer the new CBC Academic Program to provide daily morning academics for our wonderful students in a delightful classroom setting right here at CBC.

As program director, I will coordinate and collaborate with tutors and an academic supervisor to oversee the successful progression of each of our students through his/her yearly coursework.

In addition to being onsite each week, I'll also be in regular contact with students and parents to facilitate progress towards individual learning goals.

Look to the CBC Academic Program to help your dancer balance demanding schooling with a rigorous ballet training schedule.

Please contact me for additional information and to register. We're looking forward to a wonderful year!

Dr. Laura Lowder,  
CBC Academic Program Director
